NUMBER 109

PARTIAL SCHOOL VOTE REPORT

High School Board To Meet Monday Night To Canvass Ballots

Superintendent K. W. McCoy made public Wednesday morning a partial report on the results of the election last Friday of trustees in the various grade school districts of county.

The results in the balance of the districts in which elections were held will not be known until Monday night, when the high school governing board meets to canvass the vote for high school trustees. This arises out of the circumstance that some of the returns on the grade school district elections were inclosed and sealed in the same envelope with the returns on the high school vote.

Dr. A. A. McKinnon and Leo N. Ench, whose terms as members of the high school board expire June 30th, were both candidates for reelection and, since no other candidate had his name on the ballot and no activity in behalf of any other candidate for the office has been apparent, it is presumed they were re-elected.

The known results of the election in the various grade school districts are as follows:

Blairs, Carl Visman; Brandon, M. (Continued on page 4)

Marriage Test Bill Signed

Measure Providing For Syphilis Examination Effective In 90 Days

SACRAMENTO—Governor Culbert L. Olson has added California to the growing list of states which require tests for syphilis before marriages can be performed, in the signing of SB 173, the Kenney-Fletcher-Biggar premarital test bill.

The measure, which appropriates \$20,000 for use by the department of public health, requires both applicants for a marriage license to obtain doctors' certificates showing them to be free from syphilis, or a communicable stage of the disease.

All records of the examinations will be confidential. A superior court judge may waive the requirement or authorize a marriage even if one of the parties involved is infected.

Any person who misrepresents his identity or any information required on the certificate, and any county clerk who issues a license in violation of the provisions of the law will be guilty of a misdemeanor. Furthermore, any person who violates the secrecy of the examination records will be guilty of a misdemeanor.

The measure will become a law ninety days after the adjournment of the legislature, which has been set for June 17th.

The premarital test bill is a companion measure to a bill already signed by the governor, requiring prenatal examination of expectant mothers for syphilis.

BRITISH MONARCH WILL ENTER U. S. LATE TODAY

NIAGARA FALLS, N. Y., (AP)—Paul Carlismo, 18, of Utica, N. Y., allegedly had made threats against King George and Queen Elizabeth of Great Britain, was questioned by police and secret service agents today.

ABOARD ROYAL PILOT TRAIN, London, Ont. (AP)—King George and Queen Elizabeth complete 6,000 miles of travel in Canada today and enter the United States over the international bridge at Niagara Falls at 6:30 (PST) tonight, to receive the first cheers that country has ever given a reigning British monarch and to be guarded for the first time by United States militiamen.

NEWS PERSONALS

George Langlois was a caller from the Ringgold section on Wednesday.

V. H. Hamilton was among Camionians in the county seat on Tuesday.

Mrs. H. H. Ward, of Campbell, is here visiting her daughter, Mrs. Jack Corker and family, at Camino.

Princess Honored

Crown Princess Ingrid of Denmark chats animatedly as she attends state banquet given in honor of the princess and her husband, Prince Frederik, in New York's Waldorf-Astoria by the Danish Committee for Participation in the World's Fair, and the American Denmark Committee.

PEAR MARKET ORDER URGED

Growers Recommend Vote At Hearing Held Monday At Sacramento

SACRAMENTO—A recommendation that William Parker, state director of agriculture, issue a marketing order for Bartlett pears and submit it to producers and distributors for their assent, was made at the conclusion of a hearing held on Monday by officials of the state department of agriculture in the Native Sons building.

The order, before becoming effective, must have the assent of 65 percent of the producers and distributors, both in number and in volume produced or distributed.

The agricultural director, under terms of the order, would name an advisory board to assist in its administration.

Grades and sizes of Bartlett pears would be standardized under the order, thus eliminating undesirable fruit from the market.

A number of witnesses testified. Dr. Theodore Macklin, chief of the division of marketing in the state department, was chairman.

RESCUE CENTER MEETING TO HEAR J. A. IRVING FRIDAY NIGHT

The regular annual meeting of Rescue Farm Center will be held on Friday night, June 9, at the Tennessee school.

In addition to the election of officers, an interesting and entertaining program has been arranged with County President James A. Irving as a principal speaker.

Mr. Robert Carpenter and Mrs. William Stroup, of Placerville, will present a play and Farm Advisor Lilley will speak.

There will be an exhibition of paintings by Raymond Daniels, of Shingle Springs, and the 4-H Club orchestra will be heard during the program.

Refreshments and a general social time will follow the meeting.

B. E. Haslam was in Calaveras County Wednesday on Conservation Association matters.

2 NAMED ON SCHOOL BOARD

Agnes Shinn Named New Member; Mrs. Ruby Melchior Will Serve Another Term

The minutes of the Board of Supervisors for June show the appointment of two members of the county Board of Education to supply vacancies created by the expiration of the terms of two members on June 30th.

Mrs. Ruby Melchior, an incumbent board member, was reappointed and Agnes Shinn, of Missouri Flat, was appointed to succeed Mrs. Maude Schneider, whose term is expiring. The appointments are for the regular two-year term.

The incumbent board will meet June 12th, Monday, at the school administration offices to conclude its affairs for the school year and the organization of the new board will take place at a meeting early in July.

The Supervisors' minutes also disclose that the board on Tuesday accepted the resignation of Charles Hines as constable at Lotus.

20 Employed At Gravel Mine

Rocky Bar Property On Cosumnes Middle Fork Has Settling Ponds

About 300 yards of material are being washed in the gravel plant on Rocky Bar on the Middle Fork of the Cosumnes River six miles northeast of Fairplay. This is according to James P. Magee, engineer, reports a Sacramento paper.

The property, taken the first of this year by Clarence Young of Oakland, has been sampled many times by engineers and mining men during the last few years, but due to its inaccessibility and the huge boulders there the project was not considered feasible.

Shortly after the yard and one-quarter gasoline shovel and the washing plant were put in operation such vigorous protests were made by ranchers that it was necessary to halt work and build three large settling ponds. The water, as it leaves the last pond now is reported to be clear.

Material is loaded in trucks and hauled to the plant where it is washed and run over Hungarian riffles and a specially woven matting material. Water is pumped from the pit in the bar.

The feat of mining the bar and later establishing settling ponds in the extremely rugged country is regarded by mining men as an outstanding engineering accomplishment.

It is estimated two years will be required to mine the bar. At present twenty men are employed in one shift.

Mr. and Mrs. John Butolph, lately of San Francisco, are here visiting the latter's parents, the Jack Corker family, and leave Thursday night for New York City, where they will make their home.

Shakespeare Members Hold Picnic Meeting At Lotus

Officers For New Year Take Charge As Club Enters Vacation Season; Choral Section Will Have Picnic Session On June 20th

The annual picnic of the Placerville Shakespeare Club was held on Tuesday at the home of Mrs. Harry Reaside, in Lotus, with an attendance of forty-five members. The potluck lunch was spread on three long tables. After lunch the last business meeting of the club year term was called to order with Mrs. Charles Hand in the chair for her final session. Reports of all sections of the Club were read and filed with the secretary, and the year's business concluded.

Mrs. Amstalden presented the outgoing president with a silver set from the club in appreciation of the service of Mrs. Hand and Mrs. T. S. Marlor and Mrs. K. C. Juster have become new members for next year. Report of the North Sacramento Tri-County convention was read by the delegate, Mrs. Amstalden.

The officers for the coming year were introduced as follows: President, Mrs. Reba Sinclair; vice-president, Ethel Van Vleck;

Spurns Prince

Senorita Sofia Alvarez, Mexican musical comedy star, returns to New York from trip to Bombay with story of spurning an Indian Prince. Showered with jewels and feted by him, she said "yes" to his marriage proposal, but balked when she met his "other wife." She's back alone—with \$25,000 jewels as memento.

KIN OF LOCAL WOMAN SHOT

Victim In Yuba County Assault Is Cousin Of Mrs. Agnes Ailman

Mr. and Mrs. Allan J. Harvey, of Browns Valley, Yuba County, are in a serious condition at the Yuba City General Hospital following a shotgun assault on Sunday in which their son, Allan, Jr., also was wounded. In the Yuba County jail at Marysville, held under an open charge, is Benjamin F. Gundry, 75, rancher, held in connection with the shooting.

Mr. Harvey is a cousin of Mrs. Agnes Ailman, of Placerville, and formerly taught school at Modesto and was formerly principal of a school in Sutter City, prior to moving to Browns Valley, where he is principal.

The wounds inflicted on Mr. and Mrs. Harvey are reported as serious. Harvey is at least partially paralyzed as a result of one of two wounds. One charge lodged near his spine and another hit him in the chest. The boy received a comparatively minor wound in the groin and Mrs. Harvey was shot in one arm and in the chest.

Briefly, the Harveys had arranged to rent Gundry's house and the rancher was reluctant to vacate and Sunday had been set as the time for the Gundrys to occupy the dwelling. That morning, Gundry obtained a gun and, according to reports by officers, assaulted the family to whom he had rented the place. Pending Gundry's vacating the place, the Harvey's had been sleeping in the orchard in the rear of the house.

Public Address System For Snowline Camp

Under government supervision and specifications a complete public address and paging system, was installed last week at Snowline CCC camp.

According to Duncan K. Caldwell, who did the work and furnished the material, the system carries three channels and six speaking outlets for phonograph, radio and microphone. Outlets are in three barracks, mess hall, recreation hall and the headquarters office.

DONNER LIONS NAME PALMER

Placerville Club Has 2 Members Elected To Staff Of Council

Donner Council of Lions, holding their annual meeting Tuesday night at Hotel Raffles jointly with the Placerville Den, named John H. Palmer, of Placerville, president, and Arthur Mart, secretary of the Placerville club, as their secretary.

Palmer previously had been vice-president of the Council and Mart succeeds Del Powell, of Grass Valley.

Alvin Mundt, of Folsom, was chosen vice-president. The council will meet next at Grass Valley in September.

Lion President H. E. Dillinger conducted the meeting of the Placerville Den, calling attention to another evening meeting of the club to be held next week, for the installation of officers.

District Governor J. Bernard Fog, of Reno, will be the installing officer.

The gavel then was turned over to Lion Palmer, who as vice-president of the council presided in the absence of the president. A nominating committee of three was named which reported the slate which was unanimously elected and on motion duly put and seconded the council adjourned. (Continued on page 3)

County Man Is Crash Victim

Greenwood Miner One Of Duo Killed Monday In Plane Wreck Near Auburn

In the second plane crash within three months in the Auburn vicinity, E. W. Hough, 54, Greenwood mine operator, and Grafton T. Reed, of Auburn, were killed late Monday afternoon as their ship crashed three and one-half miles east of the Placerville county seat.

On April 7, Winston Kindopp and Garrett Lowell, of Auburn, were killed in a crash in the American River Canyon near the confluence of the north and middle forks of the river.

Hough and Reed were flying in a rented plane when the ship apparently went out of control at an altitude variously reported as being from 500 to 1,000 feet. The ship hit a telephone line, pancaked to the middle of the highway, bounced over a fifteen-foot embankment and piled up in an orchard.

Rescuers had to use axes to recover the bodies.

Reed was a projectionist at an Auburn motion picture theater. Hough, survived by a wife and three children, of Uplands, had been associated with Garry Walker in a Greenwood mining development.

COUNTY STAGE ROBBERY DIORAMA SUBJECT AT ROARING CAMP

One of the exhibits at Roaring Camp, in Sacramento, in connection with the observance of the capital city centennial, consists of four dioramas depicting the Bullion Bend stage robbery, in this county, which took place on June 30, 1864.

The exhibit has been arranged by Frank Honn, a brother of Walton Honn, of Pacific House, in association with Hans Brodersen, well known for his wood carvings; and Ray Herman, cartoonist. It is presented as a commercial concession and a small admission fee is being charged.

The exhibit is especially interesting since this is the first time that such a thing has been undertaken on a scenic or historic subject, Honn says. A prepared talking record tells the story of the Bullion Bend robbery.

The four dioramas depict the scene at Bullion Bend at the time of the robbery, the old Somers House, where the posse overtook the robber party; the Placerville court-yard at the hanging of Thomas Poole in 1864; and the Hill ranch at San Jose, where the last of the bandit gang was rounded up.

Honn states that he and his associates hope that this may be the beginning of a diorama museum on early California history. Every effort has been made, he declares, to make the dioramas and the accompanying talking record as authentic as possible historically.

Starlet Weds Jockey

Pretty Nan Grey, film starlet, was honeymooning in Dallas, Tex., with Jackie Westrope, well known jockey, before their acquaintances knew they intended to wed.

TUBERCULOSIS X-RAYS READ

Consult Family Doctor For Individual Reports, School Nurse Advises

On Monday night, last, Dr. Mildred Thoren, of Weimar Joint Sanatorium, came to El Dorado County to read the x-rays taken during the recent tuberculosis survey among school children, reports Mrs. Irene Larsen, grammar school nurse.

The x-rays were read before the local medical group as well as the public health nurses and the secretary of the El Dorado County Tuberculosis Association.

All of those who wish information in regard to their x-rays should consult their family physician, as the information is now in his possession, Mrs. Larsen reports.

Dr. Thoren has agreed to return to the county for a chest consultation clinic and parents wishing further information in regard to children under observation may attend and confer with Dr. Thoren personally at that time.

The date for the clinic has not been set and due publicity will be given at the time of the announcement of the time and place.

AROUND OUR TOWN

Mrs. Pearl Tinney and Mrs. Lizzie Akin were among those who attended the commencement exercises at St. Louis University, St. Louis, Tuesday evening, at which Mrs. Tinney's son, John, was graduated in medicine. Mrs. Tinney and Mrs. Akin left Placerville Saturday, traveling by train, and after visiting with Malcolm will go on to New York to see the world's fair there, and will return through Washington, New Orleans and Los Angeles.

William Wax, of Columbia, Tuolumne County, who has been ill for some time, was sufficiently improved Tuesday to be able to come to Placerville to spend some time with Miss Maggie Akins.

Justice of the Peace Charles Rasmussen was a caller on Wednesday from Lotus.

Warren Austin, of the Russell J. Wilson agency for Fords, has been advanced to the position of service manager, succeeding Charles Jellison. Austin has been in the mechanical department and is thoroughly familiar with the Ford service plan, it is announced by Manager Allen Otto.

Dr. and Mrs. Lester B. Rantz left Tuesday afternoon for Lake County on a short visit to relatives. The doctor expects to return to his office on Thursday morning.

Declaration of their intention to wed was filed with the county clerk on Tuesday by Richard T. James, 30, and Ethel McCoard, 26, both of Sacramento.

E. J. Fitzgerald was a visitor in the county seat on Wednesday from Diamond Springs, doing extra bookkeeping work at the school superintendent's office.

Mr. and Mrs. Allen Rhines and son are here from Clovis visiting with Mrs. Rhines' parents, the Jack Corker family, at Camino.

Mrs. Irma Lawyer was in town Wednesday from her resort at Uncle Tom's where she is now established for the summer.

HEALTH STARS WON BY 95

Placerville Pupils Who Earned Awards For Year Are Named

Ninety-five pupils of Placerville Grammar School have been awarded "gold stars" as a result of their fulfillment of the health activities program carried out during the year at the school.

According to Mrs. Irene Larsen, school nurse, the school fostered a general health program relating to all phases of health including care of the teeth, the correction of eye, ear, nose and throat defects if any, personal hygiene and all phases of a health program.

The gold star awards to the pupils named represents their fulfillment of the program. The honors were earned by:

In the first grade, Miss Georgie Brieger, teacher, Donald Brown, Allen Dunn, Larry Larson, Donald Still, Charles Wilson;

In the second grade, Miss Marion Dillinger, teacher, Roberta Davis, Marita Hendricks, Jackie Austin, Sammy Kyburz and Dick Wiglesworth;

In the third grade, Miss Laura Ball, teacher, Gale Brumback, Gene (Continued on Page 4)

Eagles Install On Monday

Aerie, Auxiliary To Meet Jointly; State Aerie Session Nears

The officers elected by Placerville Aerie No. 889, F. O. E., and the Eagles Auxiliary will be installed at a joint meeting of the two groups on Monday evening.

Officers of the aerie state that their order will convene at 7 o'clock for a business session and that the joint meeting will be called upon the conclusion of that meeting. Joseph Bernick, past president, will be the installing officer for the aerie.

The joint meeting will include entertainment numbers and a social time and refreshments to close the evening.

The aerie's delegation to the state aerie meeting at Santa Cruz on Thursday, Friday, Saturday and Sunday of this week will leave for the convention city Thursday noon. Included in the delegation are Arthur Mart, Frank Ward, Robert Reeder, William Allison, W. J. Stefens and one other who was at this writing un-named.

RESIDENTIAL BUILDING IN STATE SHOWS STRONG GAINS

New residential building in California was maintained at about the same rate in May as during the previous month, according to a survey of twenty leading cities by the Analysis and Research Department of the Bank of America. The dollar value of new residential permits in these cities during May, 1939, was \$9,720,000, just slightly better than the April value of \$9,684,000, a about 4 per cent higher than May, 1938. The value of May residential permits was the highest for that month in ten years for which comparable data are available.

For the first five months of this year new residential building permits as issued in the twenty cities were valued at \$45,739,000, an increase of 40 per cent over the comparable 1938 period and 17 per cent higher than a like period in 1937. In ten of the cities increases in residential building during the first five months of this year have exceeded the similar period a year ago by over 50 per cent, with the most outstanding gains in the following cities: Alameda, 125 per cent; Riverside, 90; San Bernardino, 87; Pomona, 79; Santa Ana, 68; and Berkeley, 59 per cent. Other cities to show gains of over 50 per cent were Long Beach, Los Angeles, Salinas, and Oakland.

TOLL RATES REDUCED ON CARQUINEZ BRIDGE

SAN FRANCISCO, (AP)—New low toll rates went into effect today on the Carquinez and Antioch bridges. Rates are 45 cents for an automobile and five cents for each person, against 60 cents and 10 cents previously charged.

DEEPER SLUMP SEEMS CERTAIN IN FARM LABOR AS SPRING PLANTINGS SHOW INCREASINGLY GREATER USE OF MACHINES

WASHINGTON, (AP)—The "machine age" on American farms has brought greater efficiency in production but at the cost of smaller demand for labor and an increase in crop surpluses.

As the spring planting season closed, experts saw the Department of Agriculture confronted by new problems arising from the steady substitution of machines for men, solution of which may be a slow process.

Mechanism has reduced the amount of man labor in wheat production about 25 per cent since the close of the World War, the bureau of agriculture economies reported. The actual figures, according to surveys made by the bureau in 1919 and again in 1933, were about nine hours per acre in the first year and 2.3 hours in the latter. This reduction, occurring in the drier portions of the Great Plains producing area, did not extend to the eastern part of the Plains, the bureau said.

The labor embraced in the bureau's survey was expended in preparing the seed-bed, seeding, harvesting, hauling the crop to the local elevator and for servicing machinery in the field. The hours do

not cover labor required for general maintenance of the farm, care of horses in the barn, and general repair of machinery.

"The reduction has come about as a result of mechanization in which the combination harvester-thresher, the tractor, motor-truck, and larger units of tillage equipment have almost completely displaced the use of horses and the smaller sizes of farm equipment," the bureau said.

One of the country's most serious surplus problems appears to be the direct result of the replacing of horses and mules with machinery. Motorizing farm equipment was accountable for a decrease of approximately 10,000,000 mules and horses during the 18 years from 1920 to 1938, with the result that the one-fourth of the grain crop formerly used to feed this working live-stock has been shifted to the consumers' market.

WARNER BROTHERS BAN SALE OF FILMS TO FOX CHAIN

HOLLYWOOD, (AP)—Warner Brothers struck at the "double bill" practice today, refusing to sell its pictures to a Pacific coast chain of theaters.

Gradwell Sears, general sales manager, announced Warner Brothers will not sell any of its 1938-40 products to the Fox-West Coast theater chain.

He characterized as destructive to both public and producers the policy of exhibiting on the same double bill such "high grade attractions" as "Dodge City" and "Alexander Graham Bell," "Withering Heights" and "Three Smart Girls," and "Oklahoma Kid" and "Love Affair." Half of the pictures he named were made by other studios.

Sears said Warner pictures will be offered to independent exhibitors.

BREAD, WATER DIET

LORADO, O., (AP)—City Prosecutor Austin O'Toole prosecuted 25 men on intoxication charges in five days, decided something should be done about it. Now those convicted of drunkenness are put on a bread and water diet.

To Rule Puerto Rico

Admiral William D. Leahy (above), 64-year-old retiring Chief of Naval Operations, will have almost unlimited authority in his new position as Governor of Puerto Rico, according to Washington reports of his slated appointment. The island will be converted into a "Gibraltar of the Caribbean."

NEW RADIO

LONDON, (AP)—A new transmitter, fool-proof from outside interference by gangsters, has been installed in Scotland Yard's Wickham radio station. The change was made after police broadcasts had been jammed on several occasions when robberies were being committed.

The machinery is being installed in the potato by-products plant at Shafter, Kern County.

Today's Fashion

Simple dress favored.

By VERA WINSTON

DESPITE all the soft, feminine styles with dainty touches and embroideries, the simple but well-dressed sports dress maintains its supremacy. Here's a model that will find admirers in any country club. It is of blue pure dye silk with stitched belt, lapels, cuffs and flap pockets. Stitching outlines the slide fastening from throat to waist. Three inverted pleats front and back of the skirt. Slight gathers back of blouse.

FAMED DUMAS TALE SET TO MUSIC ON EMPIRE SCREEN

Although it is virtually impossible to say which of the world's great novels was the best-seller of all time, since the figures for Continental sales are not available, it is certain that Alexandre Dumas' "The Three Musketeers" is among the top contestants. This great adventure story has sold over ten million copies in book form, and as a play it has been produced in 17 different countries. Now it appears in a musical comedy version, produced by 20th Century-Fox and opening tonight at the Empire Theatre, with Don Ameche and The Ritz Brothers in starring roles.

On the same bill is "Mystery of the White Room," with Bruce Cabot and Helen Mack.

Real-life drama as intense as that of fiction is transferred to the screen through the inclusion of a recently-developed eye operation in the new screen thriller. Use of the new surgical miracle which returns the sight to the blind accomplishes the identification of the murder victim's own killer.

AT LONG LAST IT'S HERE: AN ELECTRIC TOOTHBRUSH

CLEVELAND, O., (AP)—An electric toothbrush was announced here by the sixth annual Allegheny Conference of the Junior Division of the American Society of Mechanical Engineers.

The new gadget was described by its engineer and designer, D. B. Schindler, University of Pittsburgh senior, who said it was "the ultimate refinement of civilization."

Its features, Schindler said, include a scientific brushing motion away from the gums at 400 revolutions a minute; a sealed-in, water proof motor in the handle; detachable brushes so the whole family can use the machine, and at an estimated cost of \$8 to \$10.

GLASS STOCKINGS

CINCINNATI, O., (AP)—Glass stockings! That's what Dr. E. R. Weidman, director of the Mellon Institute at Pittsburgh, predicted in a talk here recently. He said that spun glass textiles soon would replace silks for filmy apparel for women.

WHEN A CHILD FAILS TO PASS AT SCHOOL

By GARRY C. MYERS, Ph.D.

YOU AND I can only have a heavy heart as we try to imagine how many a child feels when, on the last day of school, his parents learn that he has not been promoted. It is a terrible tragedy if this child has tried to do his best, and still more terrible if he has a brother or sister who has always passed with flying colors.

Imagine the shaming, scolding, even whipping of the failing child. And all to no purpose but to give the raging parent vent for his grief. How can it be the parent's any good? His feelings water over the dam. The only hope is in the future—either to make up the arrears in the summer or to win better learning achievement the next school year. And this is so whether the child tried or did not try, whether he studied hard or loafed.

For the leader who never had learned good habits of mental work, the problem is to cultivate such habits. This may call for some effective guidance and discipline day after day from now on, but not tortments of tongue.

Regular Study

If, for instance, your failing child has home assignments at school, next fall, see to it that he devotes a regular period of time at a regular place on every night before school. Do all you can in co-operation with his teacher, and in some instances with the aid of a tutor, to help him gain achievement from his mental efforts. Remember that he can't keep working hard very long if he doesn't feel he is making progress. Like you and me, he must feel awareness of success in order to keep striving at his best. Nothing like success to charge the dynamo of effort.

Now my fellow parent: If you have a child who has failed to pass, please do keep your head and act intelligently. Instead of scolding the child and charging him with laziness and good-for-nothingness, or charge he has disappointed his family, observe his record.

Find out from the teacher all you can about the causes of the failure. Maybe you should also talk to the school psychologist. If there is none, it might be well to have an accredited psychologist study your child's case and give you advice.

In some instances the child should go to summer school; in others he should have a tutor during the summer, and in still others he should be helped to forget all about the matter until fall. One thing is certain: Chastisement ought to be avoided and a finer parent-child relationship developed.

I want to be able to help you plan a program for the failing child. Write me if you desire, enclosing a self-addressed envelope with a three-cent stamp on it.

NEW MERCHANDISE

At prices to suit the pocket book!

Here are a few items and prices, which are indicative of the high things for spring and summer. Slacks, shirts, hats, ties, suits! Also work clothes of all kinds, including boots and shoes! Here are a few items and prices, which are indicative of the high quality and reasonable prices!

FRANK O. KNACKE

"NEWSPAPER FEUD" SLAYER MAY DODGE NOOSE OF HANGMAN

SACRAMENTO, (AP) — The death sentence of Harry A. French, 31, convicted of slaying Claude L. McCracken in a "newspaper feud" in remote Alturas county, was expected to be commuted to life imprisonment today by Gov. Culbert L. Olson as he announced a reprieve to permit further study of the case.

French fired five shots into McCracken's body on March 23, 1937, culminating three years of newspaper feuding. McCracken's paper was the Modoc Times and Mail. French's mother, Mrs. Gertrude French, published a rival paper in Alturas.

French was found guilty of first degree murder the following July and the same jury also found he was sane at the time of the shooting.

Both his mother and McCracken's widow, Mrs. Frances McCracken Gillespie, since remarried, pleaded with Gov. Olson to commute the death sentence. The state supreme court upheld his conviction last February, overruling French's claim that he was insane.

The feud between McCracken's

Jostled With Death

Rescued from a broken scaffold eight stories above the sidewalk, John McCann receives a hug from his three-year-old son, John, Jr., who is glad his daddy is back in their New York home. McCann clung to a window frame for twenty minutes. One worker was killed, another severely injured.

Modoc Times and Mail and the French family's Modoc County Times was reminiscent of wild and woolly journalism of the last century when editorial personalities usually featured the news.

Palmer Heads Donner Lions

(Continued from Page One)
place of the next meeting was chosen.

At the request of the chairman, Thomas Maul, who was the first president of the council, spoke briefly on the aims and purposes of forming the council organization about ten years ago. Earlier in the meeting, in observance of Wooden Box Week, Lion President Dillinger had called on Lion Swift Berry, who spoke briefly.

"THREE MUSKETEERS" OPENED TUESDAY AT EMPIRE

With Don Ameche as a singing, fighting, loving D'Artagnan and The Ritz Brothers as three phony Musketeers, 20th Century-Fox's musical comedy version of Alexandre Dumas' "The Three Musketeers," opened at the Empire Theatre yesterday to the thorough delight of an enthusiastic audience.

Ringing songs, including "Song of the Musketeers," "My Lady" and "Viola," added to the excitement of D'Artagnan's stirring fight to save a throne—all the while he's double-deep in Ritzes!

The story opens with the appearance of the bona fide Athos, Porthos and Aramis at the Ritzes' tavern. A riotous drinking bout toasting all the French monarchs from Louis I to Louis XIII results in the Musketeers winding up under the table and the Ritzes, captivated by the dashing uniforms, donning their costumes.

Enter D'Artagnan! The fiery Gascon's hot temper had led him to challenge Athos, Porthos and Aramis, each and all, to a duel. You can imagine his consternation when he finds the Ritzes keeping the appointment.

Just then the Cardinal's Guards arrive, posting an edict that anyone found masquerading in Musketeer uniforms will be hanged. D'Artagnan, with the antagonism of a Musketeer for the Guards, draws his flashing blade and the battle is on—with the Ritzes, carrying on their assumed roles through necessity, appearing as if they'd be more at home with a carving knife than a sword.

Besting the guards, the quartet escapes, and D'Artagnan makes the three phony Musketeers his friends for life.

JUNE GRADUATE GETS JOB BY USING "BOTTLE MAIL"

CAMBRIDGE, Mass., (AP)—Eighty-one identical notes, sealed in 81 bottles and cast "adrift on the swiftly flowing tides of the United States mail," have landed a job for John A. West, Jr., of Chicago, who was graduated today from Massachusetts Institute of Technology.

Addressed to advertising firms throughout the country, West's appeal read:

"Stranded on an island in Cambridge, Mass. A college graduate-to-be in June. Will work like hell for passage into port. Gold stored here with me—training in arts, sciences, business, including marketing and advertising. Past experience in newspaper office, summer theater, steel mill. Best references. You're getting ahead and I'm going your way. Have you room in the hold for a man who can prove he's worth his salt?"

West received replies "from 75 per cent of his bottled appeals. And from them he selected a Philadelphia advertising firm with whom he will start work in a few weeks."

FRUIT BUYER VICTIMIZING FOOTHILL FARMERS IS JAILED

SACRAMENTO — Al Battaglini, wholesale produce dealer of Portland, Oregon, is convicted that the arm of the law is long, and that the Division of Market Enforcement, California Department of Agriculture, has a memory like an elephant.

Battaglini and his truck came to California in the fall of 1935, and did a thriving business among the fruit growers in the foothills near Auburn.

He neglected to apply for the state license required under the Produce Dealers Act, and according to court records, he neglected to pay C. L. Skaggs of Loomis for a load of grapes which he bought for the agreed price of \$47.

Skaggs took Battaglini's check for this last load without question, because checks for the other loads had been good, but when it came home to roost, marked "Insufficient Funds," he reported to the Division of Market Enforcement at Sacramento.

A warrant was issued but it was impossible to extradite Battaglini for a misdemeanor. Working patiently, division officers found another case in Sacramento County involving a bad check. This charge lay dormant for years, but finally Battaglini returned to the state, and after spending 30 days in the Sacramento county road camp on the Sacramento complaint, found himself facing further proceedings in Placer county.

Justice of the Peace Blemer at Loomis bound Battaglini over for trial by the Superior Court, where Superior Judge J. B. Landis at Auburn, on Thursday sentenced Battaglini to 90 days in the Placer county jail, imposed a fine of \$50, and ordered the defendant to pay the grower, or spend an extra day in jail for each dollar unpaid.

SUSPECT IN ABORTION SLAYING FREE ON \$5,000 BAIL

SAN DIEGO, (AP)—Dr. George P. Pachen, San Diego chiropractor, charged with the abortion slaying of Mrs. Martha Anderson, 16-year-old La Mesa girl, was free on \$5,000 bail today and awaiting preliminary hearing June 15.

Judge Eugene Dancy continued bail at \$5,000 at Pachen's arraignment yesterday, over the protest of District Attorney James Abbey, who

Held as Gang Chief

Joseph Peppe (above), small-time politician, was held in Philadelphia, Pa., as an alleged leader of the notorious murder-for-insurance ring.

asked that bail be set at \$25,000 and called attention to the fact that Pachen had been arrested on three other occasions for the same reason.

The district attorney's office charges that Mrs. Anderson died as the result of an illegal operation, performed by Dr. Pachen, and that her body was shipped to Luling, Tex., where it was interred under the name of Mrs. Willie Bouldin.

H. H. WEBB, NOTED MINING ENGINEER, LEAVES FUND FOR AGED AID

SANTA BARBARA, (AP)—Henry Howard Webb, 86 year-old internationally known mining engineer who died at his home here over the weekend, was reported to have left his estate of more than a million dollars to establish a fund for aged persons following the death of legatees who first share in the estate.

The will of the noted California-born engineer provided that relatives, the principal one of whom is Louis Webb, brother of the deceased, shall enjoy funds from the estate during their lifetime but afterwards the money goes to the Grace Cathedral Corporation of San Francisco, corporate group which administers funds of the Episcopalian Church in the bay city.

To the church group Webb left the admonishment that it recognize no race or creed in the use of the fund to help elderly men and women. Webb designated that the Bank of California act as trustee for the estate.

Webb was born in San Francisco in 1853 and was one of the early graduates of the University of California. He studied mining engineering in London and Freiberg and was an associate of Cecil Rhodes and John Hays Hammond in South Africa during the Boer War era. He earlier had been active in the

REINDEER MEAT URGED AS WAR RESERVE FOOD SUPPLY

WASHINGTON, (AP)—Anthony J. Dimond, delegate to Congress from Alaska, proposes that the United States develop a herd of 2,000,000 reindeer in Alaska as a wartime meat reserve.

The purpose of such a reserve would be to avoid dependence on distant overseas sources of meat such as Argentine or Australia in an emergency, Dimond suggests.

Reindeer meat is an excellent substitute for beef, but in normal times such a herd would no-wise compete with the large domestic beef industry of the United States, according to Dimond.

The herd would be restricted to use for Alaskan natives except in emergency when the Federal government could authorize the use of its meat generally in the nation, he suggested.

development of the Comstock Lode in Nevada and the Sullivan mines of Coeur d'Alene, Idaho.

Following his retirement some years ago, Webb settled in the exclusive Montecito suburb of Santa Barbara, where his wife, the former Virginia Morton of New York, died in 1935. His two children died in 1934. Henry, Jr., in Buenos Aires, and Mrs. Eleanor Morton Kelsey in London.

Funeral services were held Monday.

GEORGE SHAW COOK
Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts.

ANNUAL MEETING OF THE FIRST CHURCH OF CHRIST, SCIENTIST

BOSTON — Thousands of Christian Scientists, meeting in this city Monday, challenged a troubled world to change its perspective from a material to a spiritual basis in its search for release from pressing economic and political problems.

The occasion for the great influx of the followers of Mary Baker Eddy was the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Looking beneath the surface ripples of troubled international relationships apparent in the world today, The Christian Science Board of Directors saw the deep-running currents of spiritual progress.

"keeping alive the vital realization of spiritual truth which Christian Scientists must always nurture, whether their work be along the specific line of healing or in the important channels connected with home, church, business, and government."

Summarizing the distinct evidences of a continued reaching out for Truth, the Directors stated:

"We are in a position to know, and COMPLETELY furnished trailer house for sale near Smiths Flat school. Mrs. R. R. Rowley. J5-tfc

are glad to report, that at no time in the history of the Christian Science movement has the healing work been carried on with greater success or along broader lines than it is today.

Announcement of new officers constituted the main business of the meeting. George Shaw Cook, C. S. B. of Brookline, Mass., was named president for the ensuing year to succeed Ralph H. Knapp of Needham.

Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected Treasurer and Clerk, respectively.

The president is elected by The Christian Science Board of Directors for a one-year term, his chief duty being to serve as presiding officer at the Annual Meeting.

"Church edifices and public auditoriums," stated Robert Stanley Ross, Chairman of The Christian Science Board of Lectureship.

"heretofore adequate in size, have been unable to meet demands for seats in the last year." Large and attentive audiences were reported to have attended lectures in Germany, without government interference of any kind.

Sports Parade

By HENRY McLEMORE

NEW YORK, (UP) — Putting the sports shot here and there:

We will now make the most amazing prediction of the year . . . after more years than he likes to remember, Harry Cooper will win the National Open golf championship at Philadelphia this week . . . all you clowns can laugh, laugh at this forecast, this flying in the face of Guldahl, but I am naming a man who, if the record books do not lie, is the greatest hitter of a golf ball who ever lived.

Forget for a moment that Harry never won the National Open championship, and no man living or dead can match his record . . . just file this away in your hat and get yourself a little of that 10-1 money the Philadelphia bookies are offering at this point.

Lower the flags to half mast boys, but the British polo team that was beaten by the Americans in the first international cup match was a better side . . . handicapped by inferior ponies, the British had inferior teamwork and a better setup of plays than the Americans who won by rough riding . . . had the British been a bit more lucky converting fouls, they would have won as they should have . . . it pains me to say this but Tommy Hitchcock has ridden out his string . . . Father Time has swung a scythe more deadly than Hitchcock's mallet . . . the once super Tommy is 10 goals in name only . . . he cannot ride on the same field as a No. 2 with Cecil Smith, the screwball from the Panhandle.

If Lou Nova is thrown in with Joe Louis in September he won't last as long as Galento will in their fight the last of this month . . . according to my private ring statistician Galento figures to be in and out of the ring inside of two minutes . . . two minutes and four seconds is par for the electric chair at Sing Sing, so you can see what chance I concede the man who drinks beer and shows it.

The utter futility of putting up stop, look, and listen signs at railroad tracks is proved by the fact that Nova and his manager Ray Carlen, not only think they can lick Louis, but can knock him out . . . you won't believe me when I tell you this, and I don't blame you, But Carlen and Nova are not worrying about Louis, but about how much gate the fight will draw . . . I don't know how much money will be paid to see it, but I will bet you \$5 even that the number of stitches taken in Nova's head, if he fights Louis, will be an odd number . . . say seven or nine or thereabouts.

If Alice Marble does not win the Wimbledon championship this year, you can put her down as a second rate tennis player . . . if she is a first rate player, she will walk over Wimbledon without the loss of more than a set or two because women's tennis is at the lowest ebb since the girls used to wear fur petticoats in order that the footfall judge might not see unshapely silhouettes . . . with Moody over the hill, with Jacobs right behind her, with Dorothy Round a housewife and Senorita Anita Lizana the same, who has Marble got to beat? . . . the answer is no one but herself, the same person who has been beating her for the last four years . . . Alice ("I won't wear shorts anymore") has never lacked in stroke equipment . . . all she ever lacked was what that great master of English, Mushy Jackson, calls "Moxie" . . . word comes from Georgia, by Confederate veteran, that Spurgeon Chandler, has developed a screwball . . . if this is interesting to you, that's fine, but it doesn't interest me a bit because I'm from Georgia and I know the state is full of screwballs . . . to show that there is no bias, I have three uncles who belong to the group, all of whom had their careers blighted by the rust cotton picker.

Get your handkerchief ready because it won't be long before we have another tear jerker . . . Carl Hubbell is heading for the minors . . . don't be surprised if Bill Terry follows him hot footed because Terry, as a manager, has been perching on Hubbell's left arm like a sparrow on a bush . . . maybe it was Bill's weight that wore out Hubbell . . . Freddie Hutchinson is making good in the minors, reports say . . . that must be comforting to Detroit, which paid \$50,000 for him to pitch in the majors.

Word has reached us from Little America, where Judge Landis spends his summers and winters, that the ice flow has broken in the Arctic and that in the future players will not be allowed to reinforce their gloves with webbing . . . this is the first word from Judge Landis in many years and his many friends hope that his ice-breaker will bring him safely home in time to make an important ruling on an important case late in the baseball season of 1941.

Only 263 shopping days before Christmas . . . get busy folks, I want something nice next Christmas . . .

Semi-Monthly Pay-Day Bill Is Lost

SACRAMENTO (UP)—With a "this hurts us more than it does you" attitude, the senate judiciary committee filed a refusal to recommend a bill requested by state employees to require payment of their salaries twice instead of once a month.

Committee members nodded when Chairman Ralph Swing, San Bernardino, commended "They would spend it quicker anyway." They nodded again when budget director Fred Links said the more frequent payments would cost the state \$50,000 annually.

Santa Clara County, which has 7062 acres, is the leading pear growing county in the state.

BIG HYDRAULIC BRAKES

V-8 PERFORMANCE

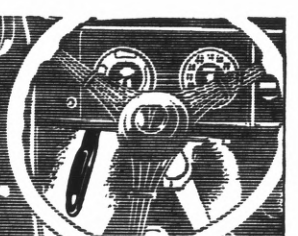

You'll find this year's Ford cars more FUN to drive and ride in than ever before!

12-INCH BRAKE DRUMS give a total of 162 square inches braking surface to assure quick stops as well as smooth ones, and long brake life. Drums are of cast iron, riveted on steel hubs.

MASTER CYLINDER is securely bolted to the rigid brake pedal bracket. Tubes to rear wheels are mounted inside the radius rods, where they are protected from flying stones and other hazards.

HANDBRAKE LEVER is conveniently placed off the floor, under instrument panel at left. It operates the brakes on the two rear wheels by a cable, independent of the hydraulic system.

We believe you'll agree when you see how much you get and how little you pay . . . this is the year for you to "go V-8"!

STYLE LEADERSHIP — The luxury cars of the low-price field.

V-TYPE 8-CYLINDER ENGINE — Eight cylinders give smoothness. Small cylinders give economy.

HYDRAULIC BRAKES — Easy-acting — quick, straight stops.

TRIPLE-CUSHIONED COMFORT — New flexible roll-edge seat cushions, soft

transverse springs, four hydraulic shock absorbers.

STABILIZED CHASSIS — No front end bobbing or dipping. Level starts, level stops, level ride.

SCIENTIFIC SOUNDPROOFING — Noises hushed for quiet ride.

LOW PRICES — Advertised prices include many items of desirable equipment.
